It does not appear feasible to adopt the East Punjab Ordinance in as much as section 154 B may not be acceptable to the Municipalities as the Municipalities will be subjected to extra expenditure of purchasing night soil It is clear that the Municipalities are introducing bye laws for the provision of adequate scavenging staff for the collection of night soil by the levy of extra taxation The Secretary to Government, Local-self-Government may be consulted

East punjab Act for making Compost Manure —

10) A legislative enactment has been passed during the current session of the Legislature making it obligatory on the part of the Municipal Committees to take up the Scheme of Compost making in their respective jurisdiction

11) As pointed out by the Director of Agriculture the adoption of the East punjab ordinance would involve an extra expenditure to the Municipalities on having to acquire sites which would be contemplated in Sec 154 B of the said ordinance, which may therefore not be acceptable to the Municipalities where the system of underground drainage & flush latrines is in vogue the question of acquiring sites would not arise

Issue of an ordinance – Comfort Manufacture

57) The first reference on the subject was received on 29-10-49 from the Under Secretary Ministry of Agriculture Govt of India The next reference on the same subject was received from the Comr for Food Prodn on 22-3-1950. From the last one year and 5 months, several municipalities were consulted and opinions given by Municipal Councils were taken I consider that at present we are to consult the Deputy Comrs Chhalderang because, some Deputy Comrs and some Municipal Councils have agreed for the issue of an Ordinance on the lines issued by East Punjab Govt whereas the other Deputy Comrs & the remaining Municipalities have opined that such an ordinance will be of no use Hence submitted for orders on the following points

1 to stop consulting any other Dep Comrs and also the remaining Municipalities.
2 to put up a statement showing the names of Municipalities which are for the promulgation of the ordinance & the names of Municipalities which are against such an ordinance
3 to get & analyse the Punjab Municipal Act as some amendments to the sections have been made and it is better to know what exactly those sections are

After orders are passed on the above points it

will be better to examine the necessity or otherwise of issuing an ordinance

Issue of Ordinance -- Compost Manufacture

2523/ Rd

a) On view of the Sections 50(c) and 55(t) of the Town Municipalities Act 1951, there seems to be no need to issue an ordinance regarding the manufacture of Compost on the lines of the Ordinance issued by the Punjab Govt

b) It is for consideration whether, Rules & Bye-laws may be framed for the above purpose under the above Sections under Section 46(c) & 249(2) of T M Act 1951, to enable the Municipalities to carry out the Compost Manufacture effectively

c) The Special Officer may be consulted in the matter

KPS - 27/8

According to Section 50(2)(c), all dust dirt dung, ashes, refuse animal matter or filth or rubbish of any kind collected by the Municipal Council from the Streets, houses, privies, sewers, cesspools or elsewhere, shall be vested in & belong to M C and shall be under its direction and management. Of Compost making. by the Municipality out of the material so collected, is made obligatory. it will be sufficient

(a) Please see, see 55(b) & the TM Act 1951 Govt can compel Mlties to prepare compost even under the existing law

1/9 — 11/9

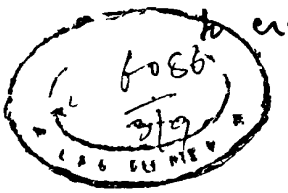
(b) The working clause (b) of Sec 55 of M Act 1957 is as follows:— if the Govt so requires,

Compost making " Home may mean that either, instructions may be issued requiring the Mlt dr to make arrangements for compost making or the dr may be compelled to prepare Compost & consider that if it is made obligatory, the workings should be changed as follows omitting the words " if the Govt so requires"

56(b) Compost making out of the dust, dirt dung ashes, refuse, animal matter or filth or rubbish

of any kind collected by the Municipal from the Streets, houses, privies sewers, cesspools or elsewhere under Provision of sub section 2 of section 50

(5) An ordinance of the kind issued in Punjab seems to create a lot of complications in its working



Secy LSG) 11/9/51

(6) Any legislation on the lines of the Punjab ordinance appears to be unnecessary Govt have now power to require the B'lore Corporation, the City Municipalities & the Town Municipalities to prepare Compost & Norms may issue in exercise of these powers requiring the several local bodies to prepare Compost This does not require any amendment of any Act

(7) Save only other provisions in the Punjab ordinance relates to

To

The Secretary to Government,
Food & Agriculture Departments, Bangalore

Sir

With reference to your Memo No A F 6713 dated the 17th January 1950, forwarding a copy of letter No F 1-44/48-C dated the 18th October 1949, from the Ministry of Agriculture, Government of India,(copy enclosed for ready reference) on the question of issuing necessary ordinance on the lines of that of East Punjab Government for making compost manure, I write to state that at present action has been taken for getting the amen amendment to city, towns, major and minor Municipalities Act passed at the last session of Representative Assembly making it obligatory on the part of the Municipalities to pursue vigorously, composting of daily waste etc, in the respective areas The amendment to Punjab Municipal Act, 1911 under reference, contemplates the acquisition of rights or interests in the dung belonging to any person or class of persons on payment of such compensation as the local committee in the Province considers reasonable To implement the recommendations of the Conference of the Provincial and State Representatives, to foster the tempo of compost making, an ordinance of the type has been promulgated in East Punjab, as above I think that similar ordinance in Mysore is found necessary on the lines of the amendment to the Punjab Municipal Act, to augment production of compost, essential to increase Food Production If however, such an Ordinance of the kind in East Punjab is found to be unnecessary in the State, the existing Acts of all Municipalities and Village Panchayats in the State may atleast be amended on the lines of the amendment of the Punjab Municipal Act I request early orders in the matter

Yours faithfully,

Sir,

I [illegible] O T [illegible], I [illegible]

With reference to correspondence ending with our letter No. 6005-15 dated 5-9-50 calling for the views of the Municipal Councils re-introduction of legislation to enforce compost scheme in order to utilise the rich manure resources which are locally available on the lines adopted in the Punjab Government, I have the honour to state as follows -

The Presidents of Municipal Councils of the places noted in the margin, were requested to place the subject before their respective Boards on the dates noted against each, and all the Municipal Councils except the Town Municipal Council of Jandiala Guru have agreed in favour of introduction of Legislation

Nawanshahr	30-9-1950
Banga	5-9-1950
Phillaur	22-7-1950
Nakodar	17-7-1950
Jandiala Guru	2-8-1950

Agreeing with the views of the majority of the Town Municipal Councils, I am of opinion that a legislative enactment of the kind proposed by the Punjab Government may be introduced as it will greatly help collection ten[illegible] in the scheme of "Grow More Food Campaign" and will [illegible] time to make the country self sufficient in food at least by the end of 1951 and also improve manure resources of the country lands

NOTE TO THE CORPORATION

SUBJECT - Compost Manure-Ordinance promulgated by the East Punjab Government-Letter from the Secretary to the Government L S G Department calling for the views of the Corporation

---

The ordinace in regard to compost Manure promulgated by the Governer of East Punjab is with reference to certain sections of the East Punjab Municipalities' Act Since it was difficult to offer views on the various provisions of the ordinance without a copy of the Municipalities Act the Government was asked for a copy, to which they have replied that no copy is available with them

By a perusal of the draft ordinance it will be seen that the procedure we adopt Clashes with the main provision of the Ordinance We auction our refuse and have a contract system for conservancy Unless we take up deparmental conservancy for the whole Corporation area we will be unable to comply with the provisions In the draft ordinance Divisional Commissioners are referred to for appeals over Deputy Commissioners We do not have in our state such appointments Over Deputy Commissioners Hence this could not be applied to the State

We are taking steps to extend compost making as much as possible I do not think we should have an ordinance of the type proposed made applicable to our area

The subject is placed before the Corporation to furnish their views as desired by the Government
